effective communication with the african society in the field of missions church planting and social development work has been and continues to be a great challenge particularly to people from western cultural and language orientation africans are a we rather than i and a depended on rather than independent of society the worldview of a traditional african in terms of society relationships and communication is communal certainly the african perception of communalism affects how they communicate with the people of different cultural orientation africa has several cultures and people differ in their communication depending on their cultural orientation however there are universal african cultures that act as a framework for understanding key aspects of communication with africans for successful missions church planting and social development work this book therefore provides a strategy of understanding communication with the african society the discussions in this book provide readers with different cultural orientations unique perception of the african society as s he may be planning to communicate with the african society for missions church planting and social development work even doing humanitarian ministry in african society although literacy levels have improved tremendously in most african countries most of africa is not a reading society it is imperative to understand that most africans still communicate orally and are not time conscious hence effective communication in african societies ought to be based on storytelling rather than literature distribution although this is in transition in fact africans are oratory and good listeners thus this book provides an understanding to people of different cultural orientations when they plan to communicate with the people in africa

for generations visitors journalists and social scientists alike have asserted that chicago is the quintessentially american city indeed the introduction to the new chicago reminds us that to know america you must know chicago the contributors boldly announce the demise of the city of broad shoulders and the transformation of its physical social cultural and economic institutions into a new chicago in this wide ranging book twenty scholars journalists and activists relying on data from the 2000 census and many years of direct experience with the city identify five converging forces in american urbanization which are reshaping this storied metropolis the twenty six essays included here analyze chicago by way of globalization and its impact on the contemporary city economic restructuring the evolution of machine style politics into managerial politics

physical transformations of the central city and its suburbs and race relations in a multicultural era in elaborating on the effects of these broad forces contributors detail the role of eight significant racial ethnic and immigrant communities in shaping the character of the new chicago and present ten case studies of innovative governmental grassroots and civic action multifaceted and authoritative the new chicago offers an important and unique portrait of an emergent and new windy city

we are living in a period of transition and such transitions have always produced tragic explosions brutality destruction gangsterism war revolution the present crisis involves modern culture and represents an internal and spontaneous development of poisonous virus the remedy does not lie in the readjustment of political or economic conditions but in a revaluation of basic values a fundamental change in our outlook and conduct and the replacement of dying forms by a superior culture and society

in this collection of essays of which four are published here for the first time peter burke explores the theory and practice of what is called new cultural history he focuses on the varieties of cultural history which have emerged since the writings of jacob burckhardt and johan huizinga no new orthodoxy has emerged to replace the classic model burke suggests despite the importance of innovative approaches inspired by social and cultural anthropology after discussing the origins and identity of cultural history burke explores the social history of dreams and the relation between history and social memory he presents five case studies addressing topics in the history of early modern italy each is located on the frontiers of cultural history between learned and popular culture between the public and the private spheres and between the serious and the comic burke then turns to the encounter between europe and the new world and to the phenomenon of cultural translation in the etymological literal and metaphorical senses of the term he concludes with two theoretical investigations one on the history of mentalities and one which asks why cultural history seems doomed to fragmentation

promoting a scholarly understanding of the psychology of social and cultural diversity in the early stages of 21st century this volume encourages an in depth appreciation of the value in diversity while directly addressing social intervention and policy implications offers for the very first time an integrated approach to the issues raised by increasingly complex representations of social identity explores the psychological implications and applications of new forms of social and cultural

diversity includes research from a diverse range of scholars that covers a broad spectrum of sub disciplines discusses how the applications of multiculturalism and diversity research can encourage more positive intergroup relations develops an in depth understanding and appreciation of the value of social and cultural diversity

how does cultural hierarchy relate to social hierarchy do the more advantaged consume high culture while the less advantaged consume popular culture or has cultural consumption in contemporary societies become individualised to such a degree that there is no longer any social basis for cultural consumption leading scholars from the uk the usa chile france hungary and the netherlands systematically examine the social stratification of arts and culture they evaluate the class culture homology argument of pierre bourdieu and herbert gans the individualisation arguments of anthony giddens ulrich beck and zygmut bauman and the omnivore univore argument of richard peterson they also demonstrate that consistent with max weber s class status distinction cultural consumption as a key element of lifestyle is stratified primarily on the basis of social status rather than by social class

this book includes a comprehensive survey of the theories and principles employed by sociologists anthropologists and other social scientists in the study of sociocultural change employing these tools the later chapters examine the major trends and challenges that face today s rapidly globalizing world students are asked to consider how they can participate actively in shaping the events that affect their lives among the book s pedagogical features are well over one hundred sites organized by chapter and topic which connect the text with contemporary events and commentary visit our website for sample chapters

a rich and compelling analysis of how cultural globalization occurs including the structural conditions personal meanings and social interactions involved
