The reading section of the SAT is essentially a vocabulary test with a few exceptions. If you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the SAT. Many students write off questions which contain words they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory of words you only half remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques; you must study word lists. Obviously, you cannot attempt to memorize the dictionary, and you don't need to.
